ATTACHMENT I

PRICE SCHEDULE

Section 1. General Principles

1.1 Subject to Part A, Section 2, all rates and discounts provided under this Agreement shall remain in effect for the term of this Agreement unless modified by order of the FCC or Commission as the case may be, unless otherwise provided herein. To the extent that interim rates set forth in Table 1 below reference existing Bell Atlantic or MCIIm Tariffs, those rates shall follow the referenced Tariffs for the interim. The interim rates or discounts set forth in Table 1 below shall be replaced on a prospective basis (unless otherwise ordered by the FCC or the Commission) by permanent rates or discounts as may be established and approved by the Commission and, if appealed, as may be ordered at the conclusion of such appeal. Such new rates or discounts shall be effective immediately upon the legal effectiveness of the court or Commission order requiring such new rates or discounts. Within ten (10) days after the legal effectiveness of the court or Commission order establishing such new rates or discounts and regardless of any intention by any entity to further challenge such order, the Parties shall sign a document revising Table 1 and setting forth such new rates or discounts, which revised Table 1 the Parties shall update as necessary in accordance with the terms of this Section.

1.2 Rates for Exchange Access Services purchased by either Party for use in the provision of toll service to end user customers are not affected by this Agreement.

1.3 Unless otherwise agreed, MCIIm shall pay only the rates set forth in Table 1 for the services it purchases under this Agreement. Bell Atlantic shall pay for all of the development, modification, technical installation and maintenance of any systems or other infrastructure which it requires to provide the services set forth in this Agreement and priced in Table 1, and shall recover all such costs through the rates set forth in Table 1. Rates for services not yet identified in Table 1, but subsequently developed pursuant to the Bona Fide Request process or services identified in Table 1, but modified by regulatory requirements, shall be added as revisions to Table 1 when agreed between the Parties.

1.4 On a monthly (or other mutually agreeable) basis, Bell Atlantic shall provide MCIIm a revised copy of Table 1 to this Attachment I reflecting price changes ordered by the Commission since the last version of Table 1. Bell Atlantic shall provide such revised Table 1 in electronic (Microsoft Word or Excel) format on diskette or CD-ROM, and include the USOC codes, alpha-numeric descriptions, unit price, and recurring or non-recurring indicators for each item. MCIIm and

Bell Atlantic shall use such revised Table 1 to amend this Attachment I as set forth in Section 1.1.

Section 2. Network Elements and Call Transport and Termination

2.1 On the Effective Date, some of the rates and discounts listed in Table 1 below, including those for: (i) Network Elements; and (ii) call transport and/or termination for Local Traffic purchased for the provision of Telephone Exchange Service or Exchange Access Service, may be interim rates. These rates may be changed as set forth in Section 1 of this Attachment I.

Section 3. Local Service Resale

3.1 The rates that MCIIm shall pay to Bell Atlantic for Local Resale shall be an amount equal to Tariff rates for each retail Telecommunications Service subject to wholesale pricing, as reduced by the applicable percentage discount set forth in Table 1, if such services are tariffed by Bell Atlantic for sale to subscribers who are not "Telecommunications Carriers" under the Act. If Bell Atlantic revises such tariffed rates during the term of this Agreement, the applicable percentage discount shall be applied to the revised tariffed rates. Unless otherwise specifically agreed between the Parties, no discount shall apply to Bell Atlantic Telecommunications Services that are tariffed by Bell Atlantic for sale to subscribers who are "Telecommunications Carriers" under the Act, which shall be available for resale, or to any Bell Atlantic services other than Telecommunications Services that it may, in its sole discretion, choose to offer for resale.

Section 4. Interconnection and Reciprocal Compensation

4.1 General

4.1.1 For the purposes of compensation for call termination under this Agreement, the traffic exchanged between MCIIm and Bell Atlantic will be classified as Local Traffic, intraLATA Toll Traffic, Transit traffic or interLATA Toll Traffic. The Parties agree that, notwithstanding the classification of traffic under this Agreement, either Party is free to define its own local service areas for the purposes of providing Telecommunications Services to its own customers.

4.1.2 Usage Measurement

4.1.2.1 Each Party is responsible for the accuracy and quality of its data as submitted to the other.

4.1.2.2 Each Party shall include in the information transmitted to the other for each call being terminated on the other Party's network the originating CPN, where available.

4.1.2.3 Each Party shall calculate terminating Interconnection minutes of use based on standard AMA recordings made within each Party's network. These recordings are the basis for each Party to generate bills to the other Party.

4.1.2.4 Measurement of minutes of use over Interconnect trunk groups must be in actual conversation seconds for terminating usage and network access duration seconds including unanswered attempts for originating usage.

4.1.2.5 MCIm may choose to deliver both Local Traffic and toll traffic over the same trunk group(s), pursuant to the provisions of Attachment IV. Bell Atlantic shall be responsible for measuring the jurisdiction of this traffic based on their own terminating call records and the CPN MCIm passes on these calls. In the event MCIm chooses to deliver both types of traffic over the same traffic exchange trunks, ~~and desires application of the local call transport and termination rates, and fails to pass CPN on more than 10% of the calls.~~ it will then provide Percent Local Usage ("PLU") information to Bell Atlantic as set forth in Section 7.5 of Attachment IV. In the event MCIm includes both interstate and intrastate toll traffic over the same trunk, ~~and fails to pass CPN on more than 10% of the calls.~~ it will then provide Percent Interstate Usage ("PIU") to Bell Atlantic as set forth in Section 7.5 of Attachment IV. Bell Atlantic shall have the same options, and to the extent it avails itself of them, the same obligation, to provide PIU and PLU information to MCIm. To the extent feasible, PLU and PIU information shall be based on the actual end-to-end jurisdictional nature of each call sent over the trunk. If actual PLU and PIU information cannot reasonably be determined, then the reporting Party shall estimate PLU and PIU, and, upon demand, explain the basis for the estimate. The basis for the PLU and PIU are subject to audits in accordance with the provisions of Part A.

4.1.3 The Parties shall provide each other with their respective billing contact numbers.

4.1.4 MCIm may choose to establish trunking to any given End Office for calls to numbers served out of that End Office, when there is sufficient traffic to route calls directly to such End Office. If MCIm leases non-

shared trunks from Bell Atlantic. MCIm will pay the transport charges for dedicated transport. For shared trunks the charges will be shared by both Parties in proportion to their respective use of the shared trunk facility.

4.2 Compensation for the Termination of Local Traffic

4.2.1 Reciprocal Compensation for Local Traffic

4.2.1.1 Reciprocal Compensation for the exchange of Local Traffic is set forth in Table 1 of this Attachment and shall be assessed on a per minute-of-use basis for the transport and termination of such traffic.

4.2.1.2 The provisions of this Section 4.2 apply to reciprocal compensation for transport and termination of Local Traffic. Local Traffic is traffic originated by one Party and directed to the NPA-NXX-XXXX of a LERG-registered end office of the other Party within a Local Calling Area and any extended service area, as defined by the Commission. Local Traffic includes traffic directed to information service providers.

4.2.1.3 Rates for transport and termination of Local Traffic must be symmetrical. For the purposes of this Section 4.2, symmetrical means that the rates MCIm charges Bell Atlantic for the transport and termination of Local Traffic equals the rates Bell Atlantic charges MCIm for the same services.

4.2.1.4 The Parties shall bill each other the following rates for the transport and termination of Local Traffic.

4.2.1.4.1 Transport (where used) – compensation for the transmission and any necessary tandem switching of Local Traffic.

4.2.1.4.1.1 The rate for common transport is set forth in Table 1 of this Attachment I. For the purposes of this Section, both Parties shall bill each other the average mileage of all end offices subtending the applicable Bell Atlantic tandem office.

4.2.1.4.1.2 Where MCIm's Switch serves a geographic area comparable to the area served by Bell Atlantic's tandem Switch, MCIm shall also

charge Bell Atlantic for tandem switching in accordance with this Section.

4.2.1.4.2 Termination – compensation for the switching of Local Traffic at the terminating Party's end office Switch, or equivalent facility provided by MCIIm.

4.2.1.4.2.1 The rate for local switching is set forth in Table 1 of this Attachment I.

4.3 Compensation for intral.ATA Toll calls

4.3.1 The Parties will charge each other for the termination of intral.ATA toll calls in accordance with each Party's respective Switched Access tariffs.

4.4 For intral.ATA Toll Free Service calls where such service is provided by one of the Parties, the compensation set forth in this Section 4 will be charged by the Party originating the call, rather than the Party terminating the call. This includes originating charges listed in this Section 4 as well as a database query charge as specified in each Party's respective Switched Access tariff.

4.5 The Parties shall use the Calling Party Number ("CPN") to determine the jurisdiction of billed traffic. If the jurisdiction of traffic cannot be determined based on the CPN, the Parties will jointly exchange industry standard jurisdictional factors, such as PIC, PIUC, or PLU in order to determine the jurisdiction of the traffic.

~~4.3 MCIIm may choose to establish trunking to any given End Office for calls to numbers served out of that End Office, when there is sufficient traffic to route calls directly to such End Office. If MCIIm leases non-shared trunks from Bell Atlantic, MCIIm will pay the transport charges for dedicated transport. For shared trunks the charges will be shared by both Parties in proportion to their respective use of the shared trunk facility.~~

~~4.4 When the Bell Atlantic Interconnection Point is at a Bell Atlantic Tandem Office Switch, MCIIm shall pay Bell Atlantic the rates for Tandem Switching, a transport rate and a termination rate as set forth in Table 1. When the Bell Atlantic Interconnection Point is at the Bell Atlantic End Office, for calls terminating to Bell Atlantic subscribers served out of the End Office to which the traffic is delivered, MCIIm will pay Bell Atlantic call termination compensation based on End Office termination only.~~

~~4.5 Bell Atlantic will pay MCIIm a reciprocal and symmetrical compensation rate for the termination of traffic at an MCIIm Tandem Office Switch, or for the termination of traffic at MCIIm's single Combination Class 5 Class 1 switch. To the extent that an MCIIm Switch serves an area significantly smaller in geographic size than the corresponding Bell Atlantic Tandem Switch, MCIIm will develop a means for estimating a terminating traffic factor that will be based on the terminating traffic usage on its network that would be a functional equivalent to end office termination and to tandem office termination. MCIIm shall provide to Bell Atlantic, on a quarterly basis, the estimated terminating traffic factor, and the full basis for the development of that factor, including the actual geographic service coverage of its Switches. To the extent that the Parties cannot agree on such a factor through good faith negotiations, either Party may request resolution of this issue by the Commission.~~

~~4.6 INTENTIONALLY LEFT BLANK Compensation for the termination of toll traffic and the origination of 800 traffic between the interconnecting Parties shall be based on the applicable exchange access charges in accordance with FCC Rules and Regulations.~~

4.7 Where a toll call is completed through one Party's INP arrangement (e.g., remote call forwarding, flexible DID, etc.) to the second Party's subscriber, the second Party shall be entitled to access charges applicable to the functions performed by the second Party in accordance with FCC Rules and Regulations and as set forth in Attachment VIII, Section 3. Until such time as such access traffic can be measured directly, this access charge pass-through shall be based upon reasonable estimates of the proportion of traffic subject to such pass-through.

4.8 Compensation for the Completion of Transit Traffic

4.8.1 For calls that transit Bell Atlantic's network, whether they originate from MCIIm and terminate to a third party LEC, CLEC or CMRS provider, or originate from that third party and terminate to MCIIm, and transit Bell Atlantic's network, MCIIm requires Bell Atlantic to make arrangements directly with that third party for any compensation owed in connection with such calls on MCIIm's behalf.

4.8.1.1 When MCIIm requires Bell Atlantic to make arrangements directly with a third party LEC, CLEC or CMRS provider on MCIIm's behalf, Bell Atlantic shall compensate MCIIm for such calls terminating to MCIIm using MCIIm's rates as described herein, and charge MCIIm for such calls terminating to that third party as if such calls had terminated in Bell Atlantic's network, using Bell Atlantic's rates as described herein.

4.8.2 If MCIm deals directly with a third party LEC, CLEC or CMRS provider, neither Party will charge the other for such traffic. The Parties shall instead establish appropriate billing relationships directly with that third party. The Parties shall, however, provide each other with any information necessary to measure and bill for such traffic.

4.9 Compensation for the Termination of Meet Point Traffic

4.9.1 The Parties shall establish Meet Point Billing arrangements in order to provide Switched Access Services to IXC's via Bell Atlantic's Access Tandem Switches, in accordance with the Meet Point Billing guidelines (adopted by and either contained in, or upon approval to be added in the future to, the OBF's MECOD and MECAB documents.)

4.9.2 For interstate and intrastate traffic, the Parties will charge IXC's in accordance with each Party's respective Switched Access tariffs.

4.9.3 Billing to IXC's for Switched Access Services jointly provided by the Parties via Meet Point Billing arrangements, will be done by the multiple bill/single tariff method. As described in MECAB, each Party will render a bill in accordance with its own tariff for that portion of the service it provides. For the purposes of this Agreement, MCIm is the Initial Billing Company ("IBC") and Bell Atlantic is the Subsequent Billing Company ("SBC"). The actual rate values for each element shall be the rates contained in each Party's respective Switched Access tariff.

4.9.4 The Parties shall maintain provisions in their respective federal and state access tariffs, or provisions within the National Exchange Carrier Association ("NECA") Tariff No. 4, or any successor tariff, sufficient to reflect this Meet Point Billing arrangement, including Meet Point Billing percentages.

4.9.5 As detailed in MECAB and in this Agreement, the Parties shall, in accordance with accepted time intervals, exchange all information necessary to accurately, reliably and promptly bill IXC's for jointly provided Switched Access Services via the Meet Point Billing arrangement. Information must be exchanged in Exchange Message Interface ("EMI") format, on cartridge or via a mutually acceptable electronic file transfer method, at no charge.

4.9.6 Meet Point Billing also applies to all jointly provided traffic bearing the 800-like Toll Free Service NPAs or any other non-geographic NPAs which may likewise be designated for such traffic in the future where the responsible party is an IXC. (When Bell Atlantic performs 800-like Toll

Free Service database queries. Bell Atlantic will charge the 800-like Toll Free Service provider for the database query in accordance with standard industry practices and applicable tariffs.)

4.9.7 The Parties agree to coordinate and exchange the billing account reference ("BAR") and billing account cross reference ("BACR") numbers for the Meet Point Billing service. Each Party shall notify the other if the level of billing or other BAR/BACR elements change, resulting in a new BAR/BACR number.

4.9.8 (Errors may be discovered by MCIIm, the IXC, or Bell Atlantic.) Each Party agrees to provide the other Party with notification of any discovered errors within two business days after discovery.

4.9.9 In the event of a loss of data, the Parties agree to cooperate to reconstruct the lost data within 60 days after notification and if such reconstruction is not possible, to accept a reasonable estimate of the lost data. This estimate may be based on several methodologies, such as an estimate of the volume of lost messages and associated revenue based on information available concerning the average revenue per minute for the average interstate or intrastate call or based upon at least three, but no more than 12 months of prior usage data, if available.

4.9.10 Bell Atlantic shall provide MCIIm with a list of the billing name, billing address, and Carrier Identification Codes (CICs) of all IXCs originating or terminating traffic at Bell Atlantic's Access Tandems in order to comply with the Meet Point Billing notification process as outlined in MECAB.

4.9.11 Bell Atlantic shall provide to MCIIm its Switched Access Detail Usage Data (category 1101XX records) on cartridge, on a weekly basis, within ten days of the recording date. Subsequently, at a mutually agreed upon time frame, Bell Atlantic shall provide MCIIm the category 1101XX records via electronic data transfer, e.g. CONNECT:Direct, on a daily basis, within ten days of the recording date.

4.9.12 Initially, MCIIm shall provide to Bell Atlantic its Switched Access Detail Usage Data (category 1150XX records) on cartridge, on a monthly basis, within ten days after the last day of the billing period. Subsequently, at a mutually agreed upon time frame, MCIIm shall provide Bell Atlantic the category 1150XX records via electronic data transfer, e.g., CONNECT:Direct, on a monthly basis, within ten days after the last day of the billing period.

4.9.13 When Bell Atlantic records Bell Atlantic intraLATA 800 usage on behalf of MCIm, Bell Atlantic shall send MCIm the category 1101XX records for such traffic in addition to the other category 1101XX records.

4.9.14 If category 1101XX records are not submitted by Bell Atlantic in a timely fashion, the Parties agree to cooperate to estimate the billing to the IXCs in accordance with MCIm's Switched Access tariffs for estimating usage. One methodology could be to review the total minutes of use on the IXC subtending trunk group and distribute the traffic by IXC based on the percentage of traffic that each particular IXC has in the LATA. This estimate will be billed to the IXCs. If the IXCs do not pay the bills, as a last order of recourse, Bell Atlantic will be liable to MCIm for the amount of lost revenue.

4.9.15 If category 1150XX records are not submitted by MCIm in a timely fashion, the Parties agree to cooperate to estimate the billing to the IXCs in accordance with Bell Atlantic's Switched Access tariffs for estimating usage. One methodology could be to review the total minutes of use on the IXC subtending trunk group and distribute the traffic by IXC based on the percentage of traffic that each particular IXC has in the LATA. This estimate will be billed to the IXCs. If the IXCs do not pay the bills, as a last order of recourse, MCIm will be liable to Bell Atlantic for the amount of lost revenue.

4.9.16 To the extent applicable, all rate elements will be billed in accordance with each Party's respective Switched Access Tariffs.

~~4.8 MCIm shall pay a transit rate as set forth in Table I of this Attachment when MCIm uses a Bell Atlantic Tandem Office to terminate a call to a third party Telecommunications Carrier. Bell Atlantic shall pay MCIm an equivalent transit rate when Bell Atlantic uses an MCIm Tandem Office (or functional equivalent) to terminate a call to a third party Telecommunications Carrier.~~

~~4.9 Each Party shall exercise all reasonable efforts to enter into reciprocal local traffic exchange arrangements (either via written agreement or mutual tariffs) with any wireless carrier, ITC, or other LEC or CLEC to which it sends, or from which it receives, local traffic that transits Bell Atlantic facilities over traffic exchange trunks. If Party A fails to enter into such an arrangement as quickly as commercially reasonable in a LATA and to provide written notification of such agreement, including the relevant rates therein, to Party B, but continues to utilize Party B's transit service for the exchange of local traffic with such wireless carrier, ITC, or other LEC or CLEC, Party A shall, in addition to paying the rate set forth in this Attachment I for said transit service, pay Party B any charges or~~

~~costs such terminating third party carrier imposes or levies on Party B for the delivery or termination of such traffic, including any switched access charges, plus all reasonable expenses incurred by Party B in delivering or terminating such traffic and/or resulting from Party A's failure to secure said reciprocal local traffic exchange arrangement. The Parties will, upon request, provide each other with all reasonable cooperation and assistance in obtaining such arrangements. The Parties agree to work cooperatively in appropriate industry fora to promote the adoption of reasonable industry guidelines relating to transit traffic.~~

Section 5. Network Elements

The charges that MCIm shall pay to Bell Atlantic for Network Elements are set forth in Table 1 of this Attachment I.

Table 1

BELL ATLANTIC-VIRGINIA, INC. AND MCIIm
DETAILED SCHEDULE OF ITEMIZED CHARGES¹

A. Bell Atlantic Services, Facilities, and Arrangements:

| | <u>Bell Atlantic Service</u> | <u>Non-recurring</u> | <u>Recurring</u> |
|------|--|---|--|
| 1.a. | Entrance facilities, and transport, as appropriate, for Interconnection at Bell Atlantic End Office, Tandem Office, Serving Wire Center, or other Point of Interconnection | <u>CURRENT APPROVED RATE</u> Per interstate [Bell Atlantic FCC 1 sec. 6.9.1.] access tariffs for Feature Group D service Illustrative: Interstate non-recurring: \$1, plus \$1 switched access connection charge per DS-1 trunk; DS-1 entrance facility \$210-\$212/mo. | |
| 1.b. | Collocation and related services for Interconnection at Bell Atlantic End Office, Tandem Office, or Serving Wire Center | <u>CURRENT APPROVED RATE</u> Per interstate [Bell Atlantic FCC 1 sec. 19] expanded interconnection tariffs. | |
| 1.c. | Tandem transit arrangements (for Interconnection between MCIIm and local carriers other than Bell Atlantic)(IXCs subtending/MPB arrangements excluded) | <u>CURRENT APPROVED RATE</u> Per tariffs cited in sections 1.a. and 1.b. above, as applicable | <u>CURRENT APPROVED RATE</u> \$0.0015 per mou. (plus transport if applicable — per 4 below) |
| 1.d. | 911 Interconnection | <u>CURRENT APPROVED RATE</u> Per tariffs cited in 1.a., 1.b., and 1.c. above, as applicable, for entrance facility plus applicable transport, or Collocation Arrangement at 911 tandem | |
| 1.e. | Directory assistance Interconnection | <u>CURRENT APPROVED RATE</u> Per interstate access tariff [Bell Atlantic FCC 1 sec. 9.6.B] | <u>CURRENT APPROVED RATE</u> Per interstate access tariff [Bell Atlantic FCC 1 sec. 9.6.B] Illustrative: Per call rate \$.000082 fixed; \$.000019 per mile; \$.000353 tandem switching; \$.002311 interconnection |

¹ The wholesale discounts of retail Telecommunications Service are final or permanent (unless otherwise changed by the Commission), and all other rates, including rates for Network Elements, call transport and/or termination of local traffic, shall be interim rates. The use of interim rates in this Agreement shall not be construed as an acknowledgment by MCIIm that such interim prices are cost-based or in compliance with Applicable Law. These interim rates shall be replaced on a prospective basis (unless otherwise ordered by the Commission) by such permanent rates as may be approved by the Commission and if appealed as may be ordered at the conclusion of such appeal. At such time as such permanent rates have been approved by the Commission, the Parties shall append to this Attachment 1, Table 1A, setting forth such rates. Table 1A may be updated from time to time by agreement of the Parties or by order of the Commission.

| | <u>Bell Atlantic Service</u> | <u>Non-recurring</u> | <u>Recurring</u> |
|-------------------|--|--|--|
| 1.f. | Operator Services (call completion) Interconnection | <u>CURRENT APPROVED RATE</u> TBD | |
| 2.a. ² | Poles | <u>CURRENT APPROVED RATE</u> Application and Engineering Survey Fee: Actual Full Cost Recovery | <u>CURRENT APPROVED RATE</u> Annual Fee: Horizontal Attachment Per attachment ————— \$1.46 Vertical Attachment Per Pole attached \$1.46 per Vertical foot of occupancy |
| 2.b. | Ducts | <u>CURRENT APPROVED RATE</u> Application and Engineering Survey Fee: Actual Full Cost Recovery | <u>CURRENT APPROVED RATE</u> Per Manhole/ per Duct run ————— TBD Per duct ————— TBD |
| | Innerducts | Actual Full Cost Recovery | |
| 2.c. | Conduits | <u>CURRENT APPROVED RATE</u> Application and Engineering Survey Fee: Actual Full Cost Recovery | <u>CURRENT APPROVED RATE</u> Annual Fee: Per foot of cable placed in the Conduit 1) Northern Virginia* — \$1.50 2) All other areas — \$3.00 * Northern Virginia is defined as: Arlington, Alexandria, Falls Church, McLean, Fairfax and Vienna. |
| 2.d. | Right of Way | <u>CURRENT APPROVED RATE</u> Application and Engineering Survey Fee: Right of Way (determined on a case by case basis) | <u>CURRENT APPROVED RATE</u> Annual Fee: Right of Way (determined on a case by case basis as mutually agreed by the parties) |
| 3. | <u>UNE-Platform (UNE-P)</u> | <u>Provisioning (Migration or Conversion): \$0.30 per UNE-P</u> | <u>Aggregate of recurring charges for all Network Elements composing UNE-Platform</u> |
| 43.a | Local loop transmission Unbundled Local Loop Element and cross-connect to Basic Links | Interim rates as follows until Commission determines permanent rates: | Interim rates as follows until Commission determines permanent rates: |

² The rates set forth in 2.a, 2.b, 2.c, and 2.d of this Table are subject to revision by the FCC and/or the Commission in accordance with Section 224 of the Act.

| | <u>Bell Atlantic Service</u> | <u>Non-recurring</u> | <u>Recurring</u> | | | | | | | | |
|-------------------------------------|---|--|---|-------------------------------------|---------------------|-----------------|-------------------------|-----------------|--------------------------|-----------------|--------------------------|

| Section 2. | General Terms and Conditions for Resale | II-1 |
| Section 3. | Service Functions | II-4 |

ATTACHMENT II

LOCAL RESALE

Section 1. Telecommunications Services Provided for Resale

1.1 In accordance with and subject to the requirements of Applicable Law, Bell Atlantic shall make available to MCIIm for resale any Telecommunications Service that Bell Atlantic currently provides or may offer hereafter, including the service functions described in Section 3 below. Such Telecommunications Services and service functions are collectively referred to as "Local Resale."

1.2 To the extent that this Attachment describes services which Bell Atlantic shall make available to MCIIm for resale pursuant to this Agreement, this list of services is neither all inclusive nor exclusive. All Telecommunications Services which are to be offered for resale are subject to the terms herein.

1.3 Bell Atlantic shall make all of its Telecommunications Services available for resale to MCIIm on terms and conditions that are reasonable and Non-Discriminatory.

1.4 Bell Atlantic will provide services to MCIIm for resale that are equal in quality, subject to the same conditions, and provided within the same provisioning time intervals that Bell Atlantic provides itself, including end users. To the extent applicable, Bell Atlantic shall also conform to the specific requirements of Attachment VIII.

1.5 The specific business process requirements and systems interface requirements are set forth in Attachment VIII.

1.6 Notwithstanding any other provision of this Attachment II, Bell Atlantic shall be entitled to change its Telecommunications Services offerings, subject to the notice provisions of Attachment VIII, Section 1.

1.7 MCIIm acknowledges that it has a duty under Section 251(b)(1) of the Act not to prohibit, and not to impose unreasonable and discriminatory conditions or limitations on the resale of its Telecommunications Services. MCIIm will develop its services with the knowledge that when they are available, Bell Atlantic may request negotiations with MCIIm for the resale of such services. MCIIm will negotiate in good faith the terms and conditions necessary for Bell Atlantic to purchase such services for resale from MCIIm.

Section 2. General Terms and Conditions for Resale

2.1 **Pricing.** The prices regarding Local Resale are set forth in Attachment I of this Agreement.

2.2 Restrictions on Resale

2.2.1 Local Resale services may be purchased by MCIIm under this Agreement solely for the purpose of resale by MCIIm. Local services to be purchased for other purposes (including, but not limited to, MCIIm's own use) must be purchased pursuant to separate written agreements, including, but not limited to, applicable Tariffs of Bell Atlantic. MCIIm may purchase Local Resale services under this Agreement for resale to its Affiliates if MCIIm resells such services as a Telecommunications Carrier pursuant to terms and conditions that comply with all applicable Commission rules, including non-discrimination rules.

2.2.2 MCIIm shall not resell Bell Atlantic's residential Local Resale services to customers who are ineligible to subscribe to such Local Resale services from Bell Atlantic.

2.2.3 MCIIm shall not resell Lifeline or any other means-tested service offerings to customers not eligible to subscribe to such service offerings from Bell Atlantic.

2.2.4 MCIIm shall not resell grandfathered Local Resale services to customers who are ineligible to subscribe to such Local Resale services from Bell Atlantic.

2.2.5 The Parties agree to negotiate the applicability of any category-to-category restriction on the resale of Bell Atlantic's Local Resale services that may be offered by Bell Atlantic in the future. If the Parties are unable to reach agreement, the Parties will submit the dispute to the Commission under the dispute resolution procedures of Part A, Section 24 (Dispute Resolution Procedures), and Bell Atlantic shall bear the burden of proving that the category-to-category restriction is reasonable and nondiscriminatory.

2.3 Requirements for Specific Services

2.3.1 CENTREX Requirements

2.3.1.1 MCIIm may purchase CENTREX features (including system management, call forwarding, digital facility termination and ARS), in accordance with applicable Tariffs.

2.3.1.2 All service levels and features of CENTREX service provided by Bell Atlantic for resale by MCIIm shall conform to Bell Atlantic's prevailing service requirements and be at Parity with the service and features provided to its end user customers.

2.3.1.3 MCIIm may aggregate multiple MCIIm subscribers on dedicated access facilities. Any aggregation of multiple location subscribers may have the effect of changing the retail CENTREX service offered under

applicable Tariff, in which case MCIIm must purchase the appropriate tariffed service or, if such changed service is not available under Tariff, the Parties shall attempt to negotiate a separate agreement for such service.

2.3.2 Federal and State Programs

When a Bell Atlantic subscriber eligible for the Voluntary Federal Subscriber Financial Assistance Program or other similar state programs, including Life Line and Link-Up services, chooses to obtain Local Resale from MCIIm, MCIIm shall be responsible for obtaining the necessary information for its records regarding such subscriber's eligibility.

2.3.3 Grandfathered Services. Bell Atlantic shall offer for resale to MCIIm all grandfathered services eligible for resale hereunder. For purposes of this Agreement, a grandfathered service is a service that Bell Atlantic offers to continue for existing retail subscribers of that service, but not to new subscribers.

2.3.4 N11 Service. Bell Atlantic agrees to offer for resale to MCIIm any N11 Telecommunications Service it offers under Tariff.

2.3.5 Contract Service Arrangements, Special Arrangements, and Promotions. Bell Atlantic shall offer for resale Telecommunications Services, including but not limited to contract service arrangements, special arrangements, and promotions, as required by Applicable Law.

2.3.6 Inside Wire Maintenance Service. [RESERVED]

2.3.7 Voice Mail Service

2.3.7.1 [RESERVED]

2.3.7.2 Bell Atlantic shall make available SMDI-E (Station Message Desk Interface-Enhanced) features where available, or SMDI (Station Message Desk Interface) features where SMDI-E is not available. Bell Atlantic shall make available the MWI (Message Waiting Indicator), stutter dialtone, and message waiting light feature capabilities. Bell Atlantic shall make available CF-B/DA (Call Forward on Busy/Don't Answer), CF/B (Call Forward on Busy), and CF/DA (Call Forward/Don't Answer) feature capabilities allowing for voice mail services.

2.3.8 Hospitality Service

2.3.8.1 Bell Atlantic shall provide all blocking, screening, and all other applicable functions available for hospitality (e.g., hospitals, hotels and the like) lines, pursuant to Tariff.

2.3.9 Telephone Line Number Calling Cards. Bell Atlantic shall maintain customer information for MCIm customers who subscribe to resold Bell Atlantic Local Service residential or business dial tone lines in Bell Atlantic's Line Information Database ("LIDB") in the same manner that it maintains information in LIDB on its own similarly situated end user customers. Bell Atlantic shall update and maintain, on the same schedule that it uses for its own similarly situated end user customers, the MCIm customer information in LIDB.

Section 3. Service Functions

3.1 When Bell Atlantic converts one of its subscribers to MCIm's service, Bell Atlantic shall inform MCIm, to the extent such information is available through Bell Atlantic's electronic interfaces for CLECs, whether such subscriber is currently participating in any program of reduced or exempt charges, including those for the indigent, the handicapped, governmental bodies and public institutions.

3.2 Each Party will work cooperatively with the other Party with respect to practices and procedures for handling of law enforcement and service annoyance calls.

3.3 The Parties will cooperate in the development of an industry standard of "700" number test lines.
